

## How to access your everyday essentials during lockdown with Woolworths online

Woolworths offers a range of online shopping services and tools to help its customers shop COVIDsafe as outlined below.

### Order direct to boot pick up

Woolworths offers a **free, contactless**, direct to boot pick up service from **600+ supermarkets**. Direct to boot offers customers the opportunity to order online and have a personal shopper pick the order in-store.

Customers simply let us know when they're on the way to the store or confirm when they've arrived via the Woolworths app or SMS link and our team will place the order in the customers' boot for a contactless collection. Customers can check if the direct to boot service is available in their area [here](#).

As of today (04/08/2021), our direct to boot pick service has more capacity than our delivery service and allows customers to pick up their order within 1-2 days in most locations. We also offer **\$10 off first order** with discount code ONLINE - More information can be found [here](#)

Woolworths also offers Community Pick Up across Australia, which allows a loved one to collect your online order on your behalf to drop at your door.

## Home delivery, particularly for the most vulnerable

Woolworths has an extensive online network and offers Australians access to hundreds of thousands of contactless home delivery windows every week.

To ensure vulnerable customers in the community have **primary access to our delivery services**, we have stood up our [Priority Assistance](#) service with dedicated delivery windows. This means eligible customers can access home delivery windows first.

There are a few ways for customers can **save on delivery fees**:

- New customers get **free delivery on their first shop**. After that larger baskets unlock lower delivery fees and **free delivery on all orders over \$300**
- Customers who select 5h delivery windows (e.g. from 7am to 12pm) get a **\$2 discount**
- Our [Delivery Unlimited](#) subscription allows customers to access **unlimited delivery** (over \$100 baskets) for less than \$15 per month with an annual plan (\$169 per year) and can enjoy a 30 day free trial. Senior citizens (over 60 years old) can enjoy a **10% discount on their plan**
- More information on our delivery fee structure [here](#)
